

A Mistaken Marriage with Mr. CEO Novel

Chapter 41 To 45

Chapter 41 Travel

Shen Qi took the opportunity to take back her phone.

In fact, she didn't even know the He Family's phone number.

Seeing Shen Qi make way, the Mrs. Shen said in satisfaction, "Alright, Yinyin and I are just here to see how you are doing. You're fine, so I'm relieved. If there's nothing else, we'll be leaving first. "

Throwing down those words, Mrs. Shen turned around and left with her bag.

Shen Qi sat blankly on the sofa, both her hands deeply inserted into her temples and she felt a sense of defeat.

She really suspected that she and her brother weren't her own anymore.

How could there be such a mother in this world?

Shen Qi did not cry.

In the moment that they designed her brother to leave the Shen family, all her feelings and hopes for the Shen family vanished without a trace.

After Shen Qi rested for a while, she stood up tiredly, turned off the lights in the room, carried the food in the fridge and left the villa.

What Shen Qi did not know was that her every move was followed by someone else.

The man who gave her key to Shen Qi on the day of the wedding saw the villa monitoring video that her subordinate had sent him, and immediately curled her lips: "This woman is indeed interesting. Who knows if Yi Ning would regret or not if she were to miss out on such an interesting woman. "Ah, forget it, I'd better not meddle in other people's business!"

"Do we still need to keep an eye on her?" A subordinate asked.

"No need. Whatever she does. " The man smiled and said: "Anyways, Yi Ning doesn't plan to have any substantive relationship with her."

Shen Qi carried her things back to the rented house. Upon entering, he saw that Shen Lu was still stubbornly drawing lines.

However, what he was drawing was no longer Shen Gang's code for the safe, but the architectural design of the exhibition hall three blocks away.

Shen Qi put all the food into the refrigerator and said to Shen Lu: "Brother, I've found a nanny for you. In the future, when I'm not at home, can you have her accompany you?"

The brush in Shen Lu's hand stopped for a moment: "Not good."

Shen Qi laughed and quickly sat beside Shen Lu: "But Xiao Qi still needs to go out to work to earn money! If Xiao Qi doesn't earn money, Xiao Qi will be unhappy! "

When Shen Lu heard that the Xiao Qi was unhappy, a conflicted expression flashed across his face.

To Shen Lu, his sister Xiao Qi was the most important person.

Shen Qi continued to hug Shen Lu as she said, "Nanny is just accompanying you for a while, I'll come back to accompany you when I get off work, okay?"

Shen Lu still did not speak.

"After Xiao Qi earns enough money, take Big Brother to a place that no one else can find and we will never part, alright?" Shen Qi gently said to Shen Lu.

Hearing that Shen Qi said that they would never separate, Shen Lu immediately revealed a smile and nodded her head strongly: "Okay."

After finally getting Shen Lu's approval, Shen Qi relaxed.

The nanny came to report the next day.

Because Shen Lu was just too beautiful, Shen Qi found a male nanny.

In order to cultivate the relationship between her and Shen Lu, Shen Qi had always been by his side, and no matter what he did, he would always let the nanny participate with his.

Then, he told the nanny about Shen Lu's taboo as well as some things that she should take note of.

Three days later, Shen Lu finally could not resist the nanny anymore.

The nanny was called Wei Wei and was in her fifties. She was a kind-looking

man with a kind heart.

Seeing that he was clean, Shen Qi picked him to accompany Shen Lu.

Just as Shen Qi finished settling down her nanny and Shen Lu, He Yi Ning sent another message, "Half an hour, Jinghua Manor."

Shen Qi received He Yi Ning's message and immediately said to the babysitter: "Uncle Wei, I'm going to start the construction soon. I'll leave my brother to you."

Wei Wei smiled and nodded: "Don't worry Miss Shen, I will take good care of him."

Shen Qi turned around and hugged Shen Lu: "Brother, I'm going to work, be obedient at home!"

Shen Lu unhappily watched Shen Qi leave his home, and once again immersed himself in a person's world, stubbornly drawing lines.

Shen Qi rushed towards Jinghua Manor while carrying her makeup bag.

When she arrived at the entrance of the villa at the villa, she saw that He Yi Ning had coincidentally come out with four Chief Specialist s.

Eh? Wasn't he the one who called her over to pose?

If he was already out of the door, how could he pose?

Besides, he looked very good today, and there was no need to change anything.

Seeing Shen Qi coming over, He Yi Ning only nodded and said: "Get in."

Shen Qi was startled for a moment and immediately followed.

Looking at the car leaving quickly, Shen Qi could not help but ask: "Where are we going?"

"To C City." He Yi Ning replied simply.

"What?" Shen Qi stood up, but because she forgot she was in the car, she crashed onto the roof with a loud bang, causing her to cover her head and grimace in pain.

He Yi Ning looked at her snappily. "You're so stupid."

Shen Qi couldn't care less about this evaluation as she asked, "How long are we going to stay here?"

"Three days." He Yi Ning frowned slightly, "Of course you have to follow my journey to become my exclusive stylist."

Shen Qi opened her mouth.

If he went on a business trip with them, what would happen to his brother?

He couldn't see her, so he must be going crazy, right?

Shen Qi immediately sent a message to Wei Wei asking if he could stay at home with his brother for three days' time.

Wei Wei readily agreed.

Seeing that Wei Wei had agreed, Shen Qi relaxed.

It seems like I have to video chat with my brother when I arrive at my destination in a bit before I can console him.

As Shen Qi sat there thinking wildly, he didn't realize that He Yi Ning had been sizing her up from the very beginning.

He Yi Ning felt that this girl had a lot of secrets.

He was originally not interested in other people's secrets, but after she sang that song in the restaurant that day, she suddenly wanted to know about this girl.

He didn't want anyone to investigate her, he just wanted to hear what she said to him.

Shen Qi held onto her chin with one hand and watched the scenery outside the window quickly retreat before him, and couldn't help but be lost in thought.

The exquisite side of her face exposed all of the disappointment in her heart.

"What are you thinking?" He Yi Ning finally could not resist asking.

"Hmm?" Seated opposite of him, Shen Qi blankly turned his head and immediately bumped into that pair of eyes that was as deep as the starry sky.

His gaze was as profound as the starry sky, so deep that no one could see the bottom of it.

No one could guess his feelings at this moment.

Shen Qi naturally could not either.

Shen Qi opened her mouth, and said with slight panic: "I ... "I haven't really traveled far."

"Oh?" He Yi Ning narrowed his phoenix eyes: "What do you want so much money for?"

Shen Qi did not utter a word.

"Don't want to answer? Then, let me ask you another question. " He Yi Ning was inexplicably tempted to take out some secret from This girl ...'s mouth today. "Who is Zhan Bo?"

Chapter 42 There's only one room left

Shen Qi's expression changed again.

This was the second time He Yi Ning had asked this question.

Shen Qi knew that she couldn't avoid today.

Shen Qi took in a deep breath and gently exhaled. Only then did she slowly answer: "A very important person to me, a person who has already gone to the Heavenly Kingdom and will never be able to come back."

Hearing Shen Qi's words, He Yi Ning immediately raised her eyebrows.

Why did his heart jump a little when he heard that that person would never come back?

Was he jealous of a dead man?

How is this possible?

He just couldn't accept that there was someone who was prettier than him in this world!

Yes, that's it!

Hearing that He Yi Ning did not pursue the matter any further, Shen Qi inexplicably heaved a sigh of relief.

She really did not want to talk about Zhan Bo with anyone else.

It was a pain she would never forget.

It was a scar he didn't want to touch in his entire life.

As expected, He Yi Ning was satisfied and changed the topic. "The reason we are going to C City this time is to secretly pay a visit to an elder. Because our identities are sensitive, we can only move forward with a low profile."

Shen Qi immediately nodded her head to show that she understood.

H city was over 3000 km away from C city, there was no way to drive there directly.

Thus, everyone arrived at a small private airport and flew to C City on a private plane.

It was Shen Qi's first time on a private plane.

The moment she stepped into the plane, she was blinded by the luxurious scene in front of her.

Shen Qi clearly remembered that the tablecloth on the table was handmade by a country with a unique intangible cultural heritage.

This kind of fabric produces less than a hundred meters a year.

In the past, when Shen Yin Yin obtained a two meters wide cloth, she felt that it was so rare and precious that she felt like patching her entire body up to prove her wealth and status.

However, this cloth was only used to make tablecloths on this plane.

From this, one could see the extent of the He Family's wealth and luxury.

Shen Qi sat down on the sofa obediently, completely not intending to take the initiative and fawn on her boss.

On the other hand, the corner of He Yi Ning's mouth widened slightly. He raised his head and asked Shen Qi: "Do you want a drink?"

Shen Qi was about to reject him, but upon second thought, the boss took the initiative to treat him to a drink. If she rejected the boss, would she not have the chance to reduce her debt in the future?

Shen Qi could only nod her head.

Sure enough, seeing that Shen Qi nodded, a trace of a smile flashed past He Yi Ning's eyes.

"Xiaochun, bring over Romanee-Conti from 1990." He Yi Ning instructed the Chief Specialist standing at the side.

"Yes, CEO." Xiaochun immediately went to the wine rack to get some wine.

Although Shen Qi did not attend many banquets as often as herself, she still

had some basic knowledge on wine tasting.

One had to know that the aesthetics major was all-encompassing.

After a while, Xiaochun came over with a bottle of wine that was worth millions in white gloves.

Shen Qi could not help but say, "This wine is too valuable ..."

He Yi Ning raised his eyebrows, "It seems like you do have some knowledge about red wine."

Shen Qi lowered her head in embarrassment and said: "I have only heard of it."

He Yi Ning pushed the wine cup to Shen Qi: "Taste it."

Shen Qi looked at He Yi Ning with slight unease: "Can I really do it?"

He Yi Ning smiled but did not speak.

Shen Qi immediately took the wine and shook it lightly. The smell of the wine on the wall assailed her nostrils, and it was clear to see its color.

No wonder this wine was so expensive in the market, and its price was increasing by the minute.

He hadn't even tasted it yet, but its color and fragrance alone could already be considered top quality.

Carefully savoring a taste, in an instant, the lips and teeth leave behind a fragrance, and the aftertaste is long.

Seeing the light shining in Shen Qi's eyes, for the first time, He Yi Ning felt that the taste of this wine seemed to be really good ...

It was at this time that Xiao Xia walked over quickly. He lowered his body and quickly reported into He Yi Ning's ears, "CEO, only one room is left in the Hilton Hotel ..."

There was only one room left?

He Yi Ning's eyes quickly swept across Shen Qi, and the corner of his eyes slightly pressed. As if nothing had happened, he said to Xiao Xia: "Oh, then let's have a room."

Xiao Xia subconsciously glanced at Shen Qi, and retreated without saying anything else.

Reaching C City, Shen Qi followed He Yi Ning out of the plane with her face blushing.

Shen Qi reached out and patted her face, secretly regretting.

Although he already knew that this wine was very good, he didn't expect himself to be addicted to just one sip. He drank the entire glass of red wine in one go.

He definitely could not be so greedy in the future!

Shen Qi silently cursed as she followed the convoy to the Hilton Hotel.

When Shen Qi stood in the Hilton Hotel's room, the slightly tipsy Shen Qi finally reacted: What? Only this room was left?

Shen Qi's first thought was: What kind of joke is this!

There was only one room. How could he live in it?

She couldn't possibly live in the same room as He Yi Ning, right?

Even if he didn't care, He Yi Ning wouldn't agree, right?

Before Shen Qi even finished building her heart, she had already opened her mouth: "Oh, ah, there's only one room left. But I don't like to stay in my own hotel when I'm out. I like to stay in Hilton. "

Shen Qi's face stiffened: "Then I'll go to another hotel to see if there are any rooms available"

"No other hotels." He Yi Ning opened his mouth and interrupted Shen Qi's words, "The few hotels near Hilton all have a standard price of six stars, and each room's price is six thousand."

What? Six thousand?

No reimbursement?

Shen Qi's face instantly turned extremely ugly!

Even if she was paid two hundred thousand yuan a month, she wouldn't be willing to spend that money, would she?

She wants to save money to pay for her brother's treatment, okay?

"Since this room is not small, if you don't mind, just make do with the sofa."

He Yi Ning said as if he was not paying attention at all.

After saying this, He Yi Ning continued to speak: "Tomorrow morning, I will wake up very early to pay a visit to that elder. If I delay any longer, it will be very troublesome. The closest hotel is about half an hour away. "

Shen Qi immediately admitted defeat when she heard her.

Forget it, I'll just sleep on the sofa!

In any case, sleeping in the same room as him. From the looks of it, he wasn't the one to suffer!

Shen Qi immediately said as she gritted her teeth, "Director He, don't worry. When I sleep, it's very light.

"Oh, really?" He Yi Ning slightly curled the corner of his mouth at an angle that no one else noticed.

Shen Qi was afraid that He Yi Ning would go back on his words, hence she quickly carried her things and went to the living room.

Looking at Shen Qi's back figure, He Yi Ning finally couldn't hold back and burst out laughing.

Shen Qi hid into the washroom and played video with Shen Lu for a while before calming him down.

Heaving a sigh of relief, Shen Qi suddenly felt very gratified.

No one else was allowed into his world, but the door was open to him.

It's a jolly staged victory, isn't it?

As long as he worked hard, he would definitely return to normal!

Chapter 43 To live in the same room tonight

It was fine when they were eating, but Shen Qi didn't feel that anything was abnormal.

When it was time to sleep, Shen Qi finally realized the problem.

She came in a hurry this time and didn't bring anything of her own!

Would it be possible to buy it now?

Just as Shen Qi was at a loss, He Yi Ning suddenly said: "What? You want to go shopping? "

Shen Qi looked at him in shock. Is this man ascaris?

Why did he know everything?

"Let's go. I'm heading out too." He Yi Ning suddenly said.

Shen Qi was a little confused, what could he do about this point?

Forget about him, he had to hurry and buy his own things.

Shen Qi felt that ever since she had met He Yi Ning, the thickness of her skin had been growing at a visible rate.

A few days ago, he was eagerly looking forward to quickly escape from this man. Now, hearing that he wanted to give him a high salary, he immediately agreed to be this man's exclusive stylist without any morals.

As long as he could save money and save money, he would definitely not make a second choice.

Who told him to be poor?

He Yi Ning strode out of the room, and Shen Qi quickly followed.

Xiaochun and the others, who were standing at the doorway, followed behind Shen Qi with great tacit understanding.

"That... "Could you please take me to the nearest shopping mall?" Shen Qi braced himself and said: "It's good that I came back after buying something."

He Yi Ning's phoenix eyes drooped slightly, and the corners of his eyes pressed in the direction of Shen Qi. He gave a devilish smile but did not reply.

Shen Qi thought that He Yi Ning had agreed, and silently followed He Yi Ning onto the carriage.

After arriving at the shopping mall, Shen Qi got off the car. Just as she was about to say goodbye to He Yi Ning, who knew that He Yi Ning would also get off the car.

"Xiaochun will follow. Everyone else should return." He Yi Ning ordered.

The few assistants turned to leave, only the Xiaochun followed behind dutifully.

Shen Qi said uncertainly: "Then ... I went in first. See you later! "

After saying this, without waiting for He Yi Ning's response, Shen Qi was like a frightened little rabbit, running away.

He Yi Ning looked at Shen Qi's back figure, and shook her head speechlessly.

He really runs fast ...

Without the owner following him, Shen Qi finally completely relaxed and quickly picked the things he normally used. When he was shopping for the pajamas, Shen Qi suddenly hesitated.

In fact, she really liked this cartoon style pajamas.

However, sleeping in the same room with the boss tonight ...

Although one bedroom and one sofa, the bedroom was quite far away from the sofa.

But somehow, he felt that it wasn't quite appropriate.

But... What if she really likes this nightgown?

Soft and cute, soft and cute rabbit ears, they were really cute ...

Just as Shen Qi was at a loss, a beautiful finger suddenly snatched away her rabbit ears from her hands, and helped put them on top of Shen Qi's head, and said with a tone full of ridicule: "Oh, what an image."

Shen Qi suddenly raised her head and saw He Yi Ning standing beside him. He Yi Ning had already passed the super kawaii's pajamas to the employee: "Wrap this up."

The shop assistant's eyes suddenly fell on He Yi Ning's body, and did not even hear what He Yi Ning had said.

Awesome ...

Xiaochun coughed lightly and immediately stood in front of the employee, blocking her view: "Please settle the bill."

Shen Qi looked up at He Yi Ning. "I'm still the one who ..."

"Let's go." He Yi Ning did not listen to Shen Qi's explanation at all and walked away.

Shen Qi hurriedly looked at Xiaochun who was paying the bill, and thought: How am I going to return this money to him? He took out three hundred yuan and placed it in front of him, saying, "This is for the pajamas you bought for me?"

Why did it feel so strange?

Xiaochun's speed was also very fast. After paying the bill, he caught up to He Yi Ning and Shen Qi's speed and very considerately carried all the other things Shen Qi bought along.

Shen Qi kept thanking Xiaochun. Xiaochun whispered: "Let me remind you, do not mention the matter of returning the money. Otherwise, CEO will be unhappy."

"Ugh ..."

All right ...

Returning to the hotel, Shen Qi stayed in the living room as usual without moving, waiting for He Yi Ning to finish cleaning up before going to wash up.

After a while, He Yi Ning had finished showering as expected. He only wore his pajamas and walked out of the bathroom.

With a height of 188 cm and a perfect golden ratio, his legs were especially long.

It was a perfect inverted triangle, and the eight abdominal muscles could be seen at any moment.

The muscles were strong but not exaggerated.

Mermaid Line...

Mai Line...

Biceps brachii...

Shen Qi had originally wanted to avoid her line of sight, but when she couldn't hold it in anymore, her gaze swept over to him, and she couldn't shift her gaze away anymore.

In that moment, only one word repeated itself in Shen Qi's mind.

When He Yi Ning raised his head, he saw Shen Qi staring at him with widened eyes.

Of course he knew how good his figure was. He wouldn't admit that he came

out of the washroom on purpose ...

It was very weird. He clearly hated other women taking the initiative to stick it up, but he liked to see Shen Qi's stunned expression looking at him.

The corner of He Yi Ning's mouth curved into a smile: Why aren't you taking a bath yet?

"Ah ..." "Ahhh!" Shen Qi immediately stood up, hugged her pyjamas and ran towards the washroom.

He suddenly remembered that he had not brought in his toiletries, so he turned around and went back to get them.

In the end, because of her panic, she crashed into the wall.

"Ah, it hurts, it hurts, it hurts, it hurts ..." Shen Qi embarrassedly covered her forehead.

"Puchi." He Yi Ning was still unable to hold back, and laughed out loud without giving his any face.

Shen Qi rubbed her forehead and quickly brought all her things into the bathroom.

The bathroom was huge.

He Yi Ning's personal belongings were placed on one side, while a blank space appeared on the other side.

Shen Qi hesitated for a moment, but still placed all her things on the other side.

On one side was the hand-made bath products of the world's top masters, and on the other was the goods of the supermarket.

Shen Qi sighed as she patted the 50 yuan worth of shampoo she bought from the supermarket, "Don't feel inferior. Although your prices are different, all of your uses are the same."

Although hotels all provide big name cleaning products, in this regard, Shen Qi and He Yi Ning's habits seem to be very similar.

That was using only his own items, not what the hotel provided.

He Yi Ning was too arrogant, he only used his customized set.

As for Shen Qi, it was because she stubbornly liked the taste of this trash.

Shen Qi quickly adjusted the temperature of the water and placed herself under the hot water. She took a pleasant bath and dispelled all the fatigue in her body.

Looking at the exquisite bathtub, Shen Qi inexplicably wanted to soak in it comfortably.

At this time, He Yi Ning should have already gone to bed, right?

Not as good as...

Shen Qi carefully listened outside to make sure there were no sounds coming from outside.

Shen Qi happily handed her shower gel into the bathtub, casually grabbed her

hair and then jumped into the bathtub to comfortably lie down.

Ah ... How comfortable ...

Ah ... So many bubbles ...

Chapter 44 a lot of bubbles

Shen Qi happily played in the bathroom, completely forgetting the time.

He Yi Ning looked at the time. She had already been inside for an hour ...

You haven't finished taking a bath in such a long time?

Was she trying to wash her face clean?

He Yi Ning uncertainly went outside and knocked on the door. "Hello ... Shen Qi? Are you ready?"

Shen Qi, who was in the bathroom, had her earphones stuffed into her ears to listen to the music.

He Yi Ning did not see the situation in the bathroom, and couldn't help but knock on the door again: "Hey, are you finished bathing? What are you doing in there? If you don't say anything, I'll be going in! "

The bathroom was still quiet.

He Yi Ning was suddenly unsure too.

Could he have fainted inside?

He Yi Ning reached out and pushed on the bathroom door. Kacha.

Assi... 'This woman is really ... '

If he didn't know that she had been hiding from him all this time, he would have thought that she had intentionally left the door unlocked.

He Yi Ning hesitated for three seconds, but still decided to push open the door to take a look.

The bathroom was empty. Nothing.

The water stains on the ground proved that someone had indeed taken a bath.

This woman ...

"Shen Qi?" He Yi Ning looked around for someone, and when she turned around, she immediately saw the confused and confused Shen Qi.

Shen Qi carried her headphones and listened to the cheerful music, the hair dryer in her hands constantly blowing at her hair.

Why did it seem like someone was calling her name?

How is this possible?

Why would someone call him?

Shen Qi blankly turned around to look for the source of the voice.

The moment he turned around, Shen Qi's eyeballs nearly popped out of their sockets!

AHH!

He Yi Ning!

He actually came in!

AHH!

I'm going to die!

Wait, now I ...

Shen Qi lowered her head, and suddenly saw that she was only wrapped in a bath towel ...

He Yi Ning also never thought that the reason Shen Qi didn't reply to him was because she stuffed her earphones into his head and didn't hear his voice at all.

When He Yi Ning saw Shen Qi who had just finished bathing, he felt a burst of awkwardness as well.

Just as he was about to lift his leg and leave, Shen Qi suddenly threw the electric wind in his hands away, and turned to run in panic.

"Ai, be careful ..." He Yi Ning couldn't help but remind when he saw that his legs had been wrapped by the wind due to the change in position.

Unfortunately, it was too late!

In his panic, Shen Qi had not noticed that the hairpin had wrapped itself around his leg. Taking two quick steps, the thread on his leg had tripped her!

Seeing that, He Yi Ning subconsciously took a big stride forward, and extended his hand out to grab Shen Qi's wrist.

Who knew that Shen Qi was so cocky in the bathroom just now? The bubbles in the bathtub splattered all over the floor, causing it to be extremely slippery.

When He Ningyi grabbed Shen Qi's wrist, Shen Qi's foot stepped on the

slippery bubble and fiercely pounced on He Yi Ning's body.

He Yi Ning also did not think that there would be such a change, he just wanted to turn around and dodge.

However, he immediately understood that if he turned around, he could indeed dodge, but Shen Qi was definitely going to fall to the ground.

In that split-second, He Yi Ning chose to catch Shen Qi.

The two of them fell heavily onto the floor of the bathroom.

In the midst of his panic, Shen Qi only felt her lips soften ...

Bridge Bean Bag...

Shen Qi's eyes instantly widened, and only one thought remained in her mind: I'm finished, I kissed He Yi Ning ...

He Yi Ning was completely stunned.

The gentle touch from his lips caused his mind to go blank.

He just didn't want her to fall, so why would he ... Kiss each other?

Their bodies stiffened at the same time, and no one dared to move.

The two of them looked at each other and saw their shocked faces in each other's eyes.

After about five seconds, the two of them finally reacted.

Shen Qi hurriedly raised her head, suppressed He Yi Ning from above and stammered, "Yes ... Right... Sorry... I... I... "I'm not ..."

Seeing Shen Qi's terrified expression, He Yi Ning surprisingly did not get angry.

He laid on the ground and looked at Shen Qi calmly.

Shen Qi was already so flustered that she did not know what to say. After stuttering for a long time, she could not even finish speaking.

This fall was nothing, but Shen Qi's towel immediately loosened up a bit. When she raised her head, the scenery on her chest was almost revealed.

He Yi Ning's eyes swept across the space between Shen Qi's collarbones, and his eyes instantly went deep.

Shen Qi panicked and wanted to get up, but as she was flustered, the towel on her body loosened even faster.

"Hey, you ..." He Yi Ning indicated for Shen Qi to look down.

Shen Qi lowered her head and became even more flustered.

It's over, it's all over.

Exposed.

Shen Qi's IQ immediately went offline. Her first reaction was not to reach out to cover her chest, but to suddenly lie down once more!

It stuck so closely to He Yi Ning's chest that it used two people's closeness to

obstruct his line of sight.

When Shen Qi once again felt the fiery passion in their chests, she immediately reacted.

Heavens, what was he doing!?

"Ah, that's not right." Just as Shen Qi was about to crawl back up again, using both hands and feet, she accidentally bumped into a certain place.

He Yi Ning immediately groaned.

"Ah!" Sorry... "I really didn't do it on purpose ..." Shen Qi was so anxious that she started to cry, "I don't know what to do either ... "I've never seen anything like this ..."

He Yi Ning looked at the woman stuck on his chest, and speechlessly raised his head to look at the ceiling above him.

Today, he finally experienced what it meant to be a stupid woman.

"Alright, stop moving. Let me do it." He Yi Ning said.

Shen Qi did not dare to move.

He Yi Ning reached out and wrapped his arm around Shen Qi's waist, and with a flip of the body, pressed Shen Qi down below him.

Shen Qi blinked her eyes.

He Yi Ning blinked his eyes.

Hm? This state doesn't seem right?

He Yi Ning's phoenix eyes swept across Shen Qi's panic-stricken face, and helplessly shook his head. "Didn't you say you were already married? Have you never been with your husband? "

"Yeah. "I did get married, but I also didn't ..." Shen Qi stammered in reply, "I ... I've never seen my husband before ... "

He Yi Ning looked up to the sky helplessly. Such a clumsy lie, how could she say it so brazenly?

"You can leave. I'll take a shower." He Yi Ning was too lazy to expose his lies.

The moment their bodies touched, her instinctive reaction told He Yi Ning that she was clearly inexperienced ...

Was she lying to herself in order to distance herself from him, to tell him that she was married?

Why was it that while he was invincible in front of other women, in front of this woman, he was being guarded against like a ferocious beast?

When did he become such a great enemy?

"Oh." Shen Qi tightly grabbed onto the towel, and after He Yi Ning left his body, he ran out of the bathroom with the towel in a sorry state.

Chapter 45 Nocturnal conversation

He Yi Ning looked at his messy clothes, shook his head helplessly, took it off, and threw it into the trash basket.

Shen Qi escaped from the bathroom and quickly changed into her pajamas. She laid on the sofa and covered herself from head to toe with the blanket.

When He Yi Ning took a bath, what he saw was exactly this scene.

He Yi Ning did not say anything, and went straight back to his room to rest.

Hearing the door close, Shen Qi secretly heaved a sigh of relief, and pulled the blanket off her head.

Phew, I almost suffocated to death.

Shen Qi immediately sat up from the sofa, threw the blanket to the side, and quietly poured herself a cup of water barefooted. Only after drinking it all in one go did she feel a little better.

Shen Qi put down her cup and ran to the window. She leaned against the wall and hugged her knees as she stared out into the starry sky.

A meteor streaked across the sky and Shen Qi instantly reached out to stroke the flaming birthmark between her collarbones. For some reason, she thought of a playmate of her childhood.

That little brother that he had clearly promised to tell him who he was.

Unfortunately ...

"Little big brother, you said that when a meteor streaked across the sky, it was when you found me. But now that we are all grown up and we are at opposite ends of the world, perhaps we will never meet again in this lifetime?" Shen Qi muttered to herself in a daze: "I'm really sorry, it was not on purpose that I did not go to see you. Instead ... My mother remarried, and my brother and I left with her. I'm sorry, it really wasn't intentional. "

Shen Qi rested her head on her knees, quietly immersed in her thoughts.

After an unknown amount of time, the wall light behind him was suddenly turned on.

Shen Qi turned her head in shock.

Seeing that He Yi Ning was actually still awake, he walked over with a cup of water.

"Did I disturb you?" The first thing Shen Qi did was to reflect on himself.

He Yi Ning shook his head: "Nothing, I just suddenly can't sleep. "Why aren't you asleep?"

"I'm not sleepy." Shen Qi replied.

"Is that so?" He Yi Ning also sat on the carpet beside the window. Looking at Shen Qi who was wearing a little white rabbit's pajamas, she couldn't help but curl her eyebrows.

The current Shen Qi was no longer as smart and capable as she was during the day. Her slightly dishevelled long hair fit down to her face, causing her to look even more calm.

He Yi Ning drank a mouthful of water and also looked outside at the starry sky.

The air in C City was good, not too polluted by heavy industry.

So looking at the starry sky at night was a pretty good experience.

Because of what had just happened, Shen Qi didn't know how to face this business monarch.

She did not want He Yi Ning to think that she had to rely on him!

He Yi Ning saw that Shen Qi did not make a sound, and immediately found a topic to break the awkward silence of the two: "Do you know who the person I want to meet tomorrow is?"

Shen Qi shook her head.

"A friend of my father's." He Yi Ning took the initiative to explain, "Do you know who my father is?"

Shen Qi blankly continued to shake her head.

However, He Yi Ning chuckled. "That's right, you're not paying attention to me at all."

Shen Qi scratched her head in embarrassment.

He Yi Ning continued: "This senior was once my mentor. Then he retired and came here to live in seclusion. It was a big, small, and indistinct dynasty, a small city, and a small wilderness. Even so, Great Concealment and Central Concealment always work too hard. "

Shen Qi seemed to understand something.

He couldn't help but interject, "So, he settled in the countryside of C City?"

He Yi Ning chuckled. "Yes. He built a small house on the outskirts of the city and lived a leisurely life. Do you think this is a good life? "

"Very good." Shen Qi replied: "Only a truly open-minded person would understand, that life is truly too tiring. Avoiding the edge and retreating properly in the old age may be a philosophy of the world. Although I don't know who this senior of yours is, since he is able to become your mentor, then he must have once been someone who could summon the wind, rain, and use the rain. Now that you have such spirit and vision, you are definitely not a vulgar person. "

Hearing Shen Qi's words, He Yi Ning became interested in chatting for the first time, "Oh? If you don't know who he is, you can tell he's not a vulgar person. "

"It's very simple." Shen Qi replied matter-of-factly: "There are a lot of people who simply cannot retreat in a hurry. He's about the same age as your father, and he's only about sixty this year. "Now, it's not the past. Sixty floral armor and in the modern era, he is still young and strong."

He Yi Ning immediately laughed, and said with raised phoenix eyes: "Your opinion is indeed different from the others."

Shen Qi scratched her head in embarrassment: "Did I say something wrong?"

"No. "Well said." He Yi Ning shook his head and laughed: "What about me?"

"Huh?" Shen Qi's face was at a loss, she did not understand what He Yi Ning meant.

"Do you think I should retreat in a hurry? After all, I am already at the top. " He Yi Ning looked at Shen Qi with a smile that was not a smile.

"Ah ..." I can't say for sure. " Shen Qi answered honestly: "I'm just a small

stylist."

"Alright, I won't disturb you anymore. You should go to bed early. I have to get up early tomorrow morning. " After He Yi Ning finished this sentence, he stood up and left.

Looking at He Yi Ning's leaving figure, Shen Qi inexplicably heaved a sigh of relief.

Emma, I still feel nervous facing this king.

Looking at the time, it was indeed getting late.

He probably slept for less than a few hours and would need to wake up soon. Shen Qi did not dare to continue sleeping on the sofa as he slept soundly.

At daybreak on the second day, when Shen Qi heard the sound of the curtains, the slumbering Shen Qi thought she was at home and could not help but say, "Stop messing around, I'm still sleepy ..."

The hand that was pulling the curtain suddenly stopped.

It was the first time He Yi Ning heard the girl's mumbling in her dreams, and it was actually completely different from what he normally heard.

Sweet... listless...

He Yi Ning could not help but clear his throat and say: "It's time to wake up, there's no time left!"

Hearing He Yi Ning's voice, Shen Qi who was fighting with the bugs a second ago suddenly opened his eyes!

Blinking his eyes, Shen Qi's muddled mind instantly woke up!

This is not home!

Shen Qi suddenly sat up from the sofa, and turned to look. Aiya, I'm going, He Yi Ning had long prepared everything!

Ah ah ah, did I oversleep?

Shen Qi didn't dare to stay in bed anymore, and immediately jumped down, sprinting towards the washroom. "I'm almost done!"

Seeing Shen Qi's flustered look, He Yi Ning could not help but chuckle.

Xiaochun happened to knock on the door and come in. The moment he saw CEO's smile, Xiaochun was horrified for a long time.

CEO had never been one to not laugh easily in the past.

However, during this period of time, the chances of CEO laughing seemed to be higher and higher ...
